

Digital Traffic and Parking Enforcement Solutions

Safer Place develops innovative technology to enhance enforcement and compliance with traffic laws and regulations.

The continual growth in traffic congestion and road fatalities has led to an escalating global concern over road safety and compliance to traffic laws. In response to these global trends, police and municipal authorities are seeking reliable and practical technologies that offer efficient and cost-effective enforcement of traffic laws.

Handle Any Type of Violation, Any Place, at Any Time

Safer Place offers the widest range of traffic and parking enforcement solutions based on a scalable and secure industry-compliant platform.

Traffic Violations

Digital Insights

Benefits for Police and Municipal Authorities

With over 10 years' industry expertise and dozens of deployments in major EMEA cities, Safer Place has gained a solid reputation as a trusted solution provider of innovative digital enforcement solutions.

Enhance Road Safety and Compliance

Increase road safety, compliance and public trust through effective enforcement policies for high risk violations and zones.

Streamline Enforcement Operations

Ensure fast, accurate real-time violation detection, with optimal operational resources and reduced human error.

Drive Productivity and Surplus Revenue

Deploy an efficient, no-risk and self-sustainable traffic violation management platform with no-upfront investment.

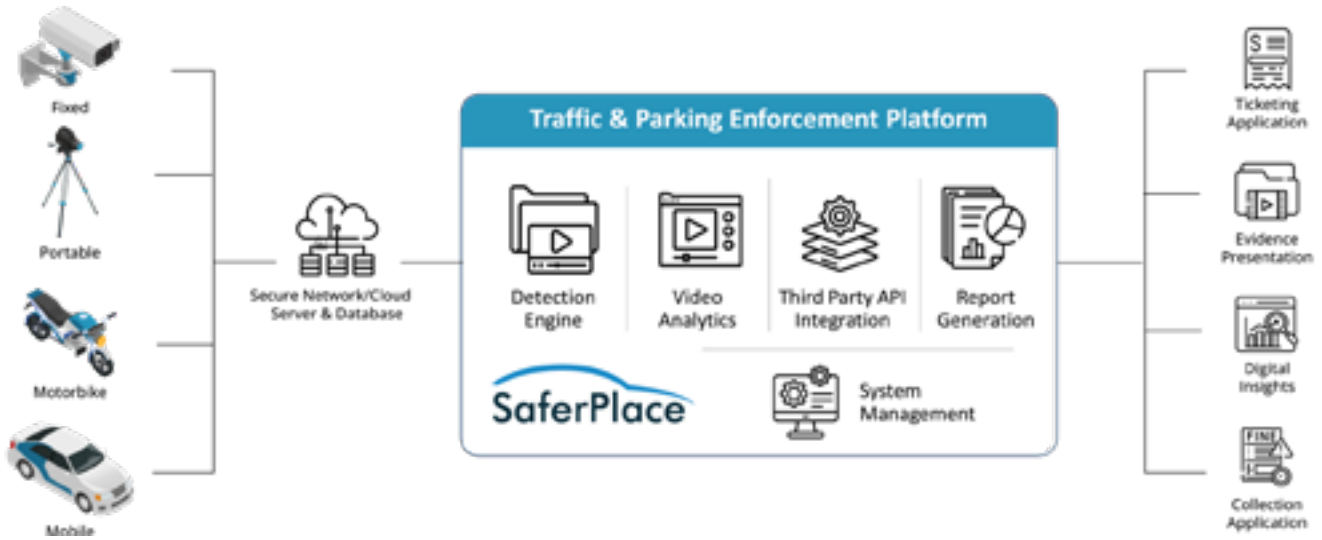

Generate Data-Driven Insights

Analyze traffic flow and violation patterns to identify problem areas, risk zones and lack of compliance with traffic regulations.

Unified Platform-as-a-Service

Safer Place delivers a unified turnkey platform for the capture, storage and processing of traffic and parking violation data. The system includes powerful video detection and analytics tools and an intuitive management and reporting dashboard. The Safer Place solution can be deployed on-premise or in the cloud and is fully compliant with industry security and privacy standards.

Feature Highlights

Safer Place offers a robust and secure solution that detects, records and documents all types of high-risk traffic and parking violations. Our solutions are fully compliant with local traffic regulations, can scale to any volume of traffic and supports a multi-lingual user interface.
